

Weldcote Metals Hard Hat Adapter

Weldcote Hard Hat Adapter is specifically made to fit all Weldcote Metals Auto Darkening helmets (KwikView, KlearView and Klearview Plus).

The hard hat adapter fits to almost any brand or style of slotted or non slotted hard hats.

Features:

- A Nylon Ratchet Style Pivot Assembly that replaces the standard positioning plate
- Adjustable slotted button to adjust size to different hard hats
- Constant spring tension to assure tight fit on hard hats
- Two locking clips that secure to the bottom of the hard hat

Part Number: HHADAPTER
